Dear Friend:

It's a terrifying thought; your home is on fire. You call 911. And no one comes! You watch as your home burns to the ground.

Impossible? No! In fact, this could start happening very soon in communities across the nation.

You see, 70% of the firefighters in the U.S. are volunteers. And volunteers are leaving their departments in record numbers, but there aren't nearly enough new volunteers to replace them. That's why we here at Volunteer Firefighter Alliance (VFA) have launched a national campaign to not only recruit new volunteers, but to also retain the experienced volunteers departments have now. We're providing new free benefits to volunteers and materials and assistance that will make their job easier.

But one of the major reasons why volunteers quit is because they don't feel appreciated, and that's why I've enclosed a special "Thank You Card", which I hope you'll sign and return to me. Your Card, combined with the Cards of others, will be sent to a Volunteer Fire Department to show the volunteers how much we appreciate their sacrifice and hard work.

I can already see our efforts are paying off, but we won't succeed unless we have the support of concerned Americans like you.

So today, --please-- do these two important things 1.) Sign and return the enclosed Thank You Card and 2.) Send us here at VFA your most generous donation for \$10, \$15 or even \$25, \$50 or \$100, so we can save our proud tradition of volunteer firefighting.

Sincerely,

Alan Bohms
